

We are the first Dog Care Salon in Stargard Szczeciński, i.e. we are qualified groomers. Dogs have always been our passion; but our customers also include cats, rabbits and guinea pigs. The Idea for opening our salon arose when our first pedigree dog – a miniature female schnauzer-appeared in our life and we had to get her ready for an exhibition. It turned out that, in so big city there is a problem finding a suitable dog's hairstylist.
